WMSE DEFENDED

Dear Editor,
I've sent you this letter in response to a recent letter critical of WMSE radio. I've been with the station for five days a week, every week for five years. I think I can honestly say that WMSE at its worst is still better then any other station at their best.

We here at MSE are, most often, our harshest critics. Other members of the media have used that against us, but in fact, it shows how much the staff here wants to improve, and maintain our quality.

I don't claim to be a spokesperson for any other announcer at WMSE. In the years I've been here I've never seen Mr. Betts or any other MSOE administrator treat volunteers or students unfairly. Whether you believe they handled the heavy metal situation correctly or not, I'm confident that they tried to deal with it fairly! I hope this is remembered when some people are being critical without being constructive.

Thank You,
Pete Christensen
